Worksheet

6

1 Find, point and say. Then draw.

Encourage pupils to follow the lines from each child to find out what toy they have got. Ask them to point to each child as they tell you what the child is saying, beginning with *I've got ...*

Pupils then complete the drawings in the speech bubbles. While they are drawing, circulate and ask them to tell you what the children in the pictures are saying: *I've got a ball.* etc.
