# Organisation of the syllabus

- ✓ **Students' book:** The book is divided into nine topic-based units. Lesson 1 summarises the objectives along with the content and video material available. It also introduces new lexical items placed in clearly organised boxes. Lessons 2 and 3 include the Grammar presentation through real-life videos and exciting comic strips with amusing characters. Humorous grammar animations motivate students to focus on new structures. Lesson 4 includes functional dialogues which are also presented through videos. Lesson 5 features manageable texts on up-to-date and engaging topics relevant to students' age. Lesson 6 provides ample cases of listening practice – in exam-like format – along with aural presentation of key vocabulary sets. Lesson 7 focuses on writing practice, while providing models for students to follow as well as step-by-step instructions for the writing tasks. The *Language Revision* lesson provides extra consolidation practice of the materials taught in each unit. The *Get Culture!* section (after every odd unit) includes inspiring BBC culture videos with authentic footage which encourage curiosity in the English-speaking world. Finally, *Skills Revisions* (after every second unit) consolidates skills taught in the preceding two units.
- ✓ **Workbook:** The Workbook follows the Students' Book lesson by lesson and provides further practice on the grammar and lexical points presented in each lesson. The presentation and format of the activities ensure that young students are kept interested and motivated. Each print Workbook provides access to **Extra Online Practice**.
- ✓ **Grammar Book:** The Grammar Book follows the Grammar presentation in the Students' Book and provides further details of the structure followed by **graded-practice** - with the 'easier' activities featured at the beginning of the unit. There are clear grammar tables with explanations in Greek, and there is a *Review* section at the end of every two units. Each grammar point is introduced through amusing cartoon strips. **Four (4) extra units** are included at the end to cover in full the grammar syllabus of a Senior B class (Units 17-20).

- ✓ **Companion:** The Companion is a lesson by lesson guide to the vocabulary in the Students' Book. The Greek translation and an example sentence are given for every word. Extra features make the Companion an invaluable component of the series. The **Companion Students' Audio** provides an aural presentation of the words as they are featured in each lesson in the book for the students to practice the words' pronunciation.
- ✓ **Teacher's Book with DVD-ROM and Extra Online Practice:** The Teacher's Book has clear and practical suggestions for every lesson, as well as ideas for extra activities. Students' Book pages are embedded with overwritten answers. Extra notes for the use of the ActiveTeach software as well as the Extra Online Practice materials are also included. At the back of the Teacher's Book there are extra photocopiable resources, an end-of-year play, project worksheets and grammar video roleplays.
- ✓ **Tests:** The following types of tests are included: Placement Test, eight Vocabulary and Grammar checks, nine Language Tests (one for every unit) and four Skills Tests (one for every two units). There are also Mid-year, End-of-Year and Final Tests as well as two Exam Tests. There are A and B versions of all the tests.
- ✓ **ActiveTeach software:** The ActiveTeach software includes all the teaching materials required in the classroom.
- ✓ **Class Audio CDs:** All the audio materials are included.
- ✓ **Teachers' Resource Bank:** The Teacher's Resource Bank CD includes: Extra Grammar Tests + Key, Photocopiable Resources, SLD Tests, Companion Answer Key, Grammar Book Answer Key, Audio scripts, Tests, Tests Audio, Video Scripts, Year Planners, IWB software guides, Letters for parents (about the series and about MEL).
